Chairman Kevin J Martin  
Federal Communications Commission  
445 12<sup>th</sup> Street, SW  
Washington, DC 20554

Chairman Martin,

The American Heart Association partnered with V-103 and WAOK on our cause events for Start! Walking at Work Day and Go Red For Women. Start was April 16<sup>th</sup> and the Go Red Luncheon was May 9<sup>th</sup>. Both events were successful and we are appreciative for the support from the radio promotions and website listings. We received headliner promotions and calendar listings on the community event page of the websites the two weeks leading up to the events.

Thank you for your support and we look forward to our continued partnership with the Metro Atlanta Start! Heart Walk coming up on November 1.

We are grateful to work with V-103 and WAOK on our causes that help create awareness of America's number one and three killers – heart disease and stroke.

Sincerely,

Brooke Edmondson  
Atlanta Communications Director  
American Heart Association
